CRDN HELPING SOUTHERN CALIFORNIA INSUREDS

CRDN's seven full-service textile restoration facilities in the southern California have helped hundreds of homeowners whose textiles have been damaged by the recent wildfires. Each local operation has been able to meet our standard service levels for response and on-site service, including Rush orders for emergency needs clothing. As a result, CRDN has helped these insureds begin to put their lives back together while helping adjusters reduce severity.

CRDN continues to offer significant capacity for dealing with the enormous amount of garments, window treatments, bedding and other damaged textiles. Experts at removing smoke odor and soot, CRDN provides specialized restoration processes along with standardized procedures to protect homeowners and their insurance companies. CRDN's southern California operators are supported by CRDN businesses in northern California and surrounding states. Job assignments can be made efficiently through CRDN's 24-hour call center at 1-800-963-CRDN (2736).

For claims assignment, call 1-800-963-CRDN or 1-800-963-2736.
