

## NEWS BRIEFS

### **CRDN Partners with *Extreme Makeover: Home Edition***

After having assisted Ty and the gang last season with several episodes, Certified Restoration Drycleaning Network (CRDN) has been named a season-long participant of ABC's *Extreme Makeover: Home Edition*. In its fourth season, the show has already won two Emmy Awards for Best Reality Program (non-competitive).

"We are extremely proud of the opportunity to help *Extreme Makeover: Home Edition* provide a fresh start for so many deserving families," explained Wayne Wudyka, CEO of CRDN. "Our organization was founded on the concept of assisting those who have

experienced an accident or disaster by restoring garments and textiles — those items that are very personal. CRDN's involvement with the show has been a natural fit for us, from the corporate level down to the local communities where we live and work."
